3rd day

Lesson Free shipping!

1. Look at these clothes. Which of them do you use in winter? And in summer? Do you prefer winter clothes or summer clothes? (Responde oralmente estas preguntas) Example: I use a jacket in winter.
2. Listen to Leon talking about his aunt Chris. (Despois de escoitar podes ler o texto).

- My aunt Chris loves fashion. She worked in a shop but she always wanted to have her own shop.

Last year she opened a shop online. The name of the shop is Season Dressing Room. She's very happy now. She sells both winter and summer clothes for children and for adults.

She has created a section called "winter clothes" and another one called "summer clothes". She's very clever because all shops follow the seasons and they sell summer clothes in summer and winter clothes in winter. But my aunt says that when you sell clothes in every country, you sell all of them during the year. Why? Because when it is summer on the north side of the planet, it is winter on the south side.

She is selling lots of clothes and you only need a credit card to buy there.

4. Listen again and look at the questions.

Exercises 5, 6, 7, 8, 9 (Choose the answers).
