

O MAR

Érase unha vez un pequeno peixe chamado Lucas, que vivía no mar xunto con seus pais Melany e Manolo e coa sua irmá Clara.

Pero papá,
cando vou poder
sair a ver a
praia.?

Poderás sair a ver o
mar cando cumplas dez
anos.

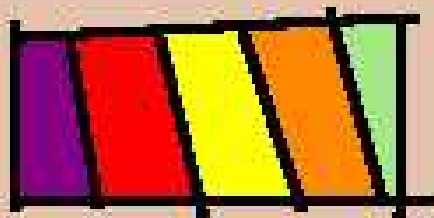

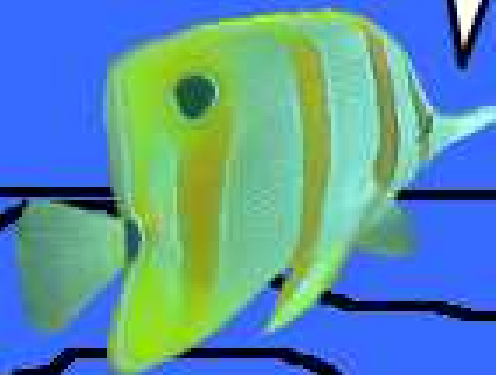

Moi ben supoño
que agora
podemos ir
todos a praia

An underwater scene featuring three yellow and white striped fish swimming near a large, textured blue coral structure. In the foreground, there is a large, light-colored, branching coral formation. The background shows a deep blue ocean with more coral structures.

Ven agora papá
vaime deixar sair a ver
a terra;

O peixe xa cumpliu dez anos e vai a praia por primeira vez.

Que ben!, o mar
é moi relaxante.

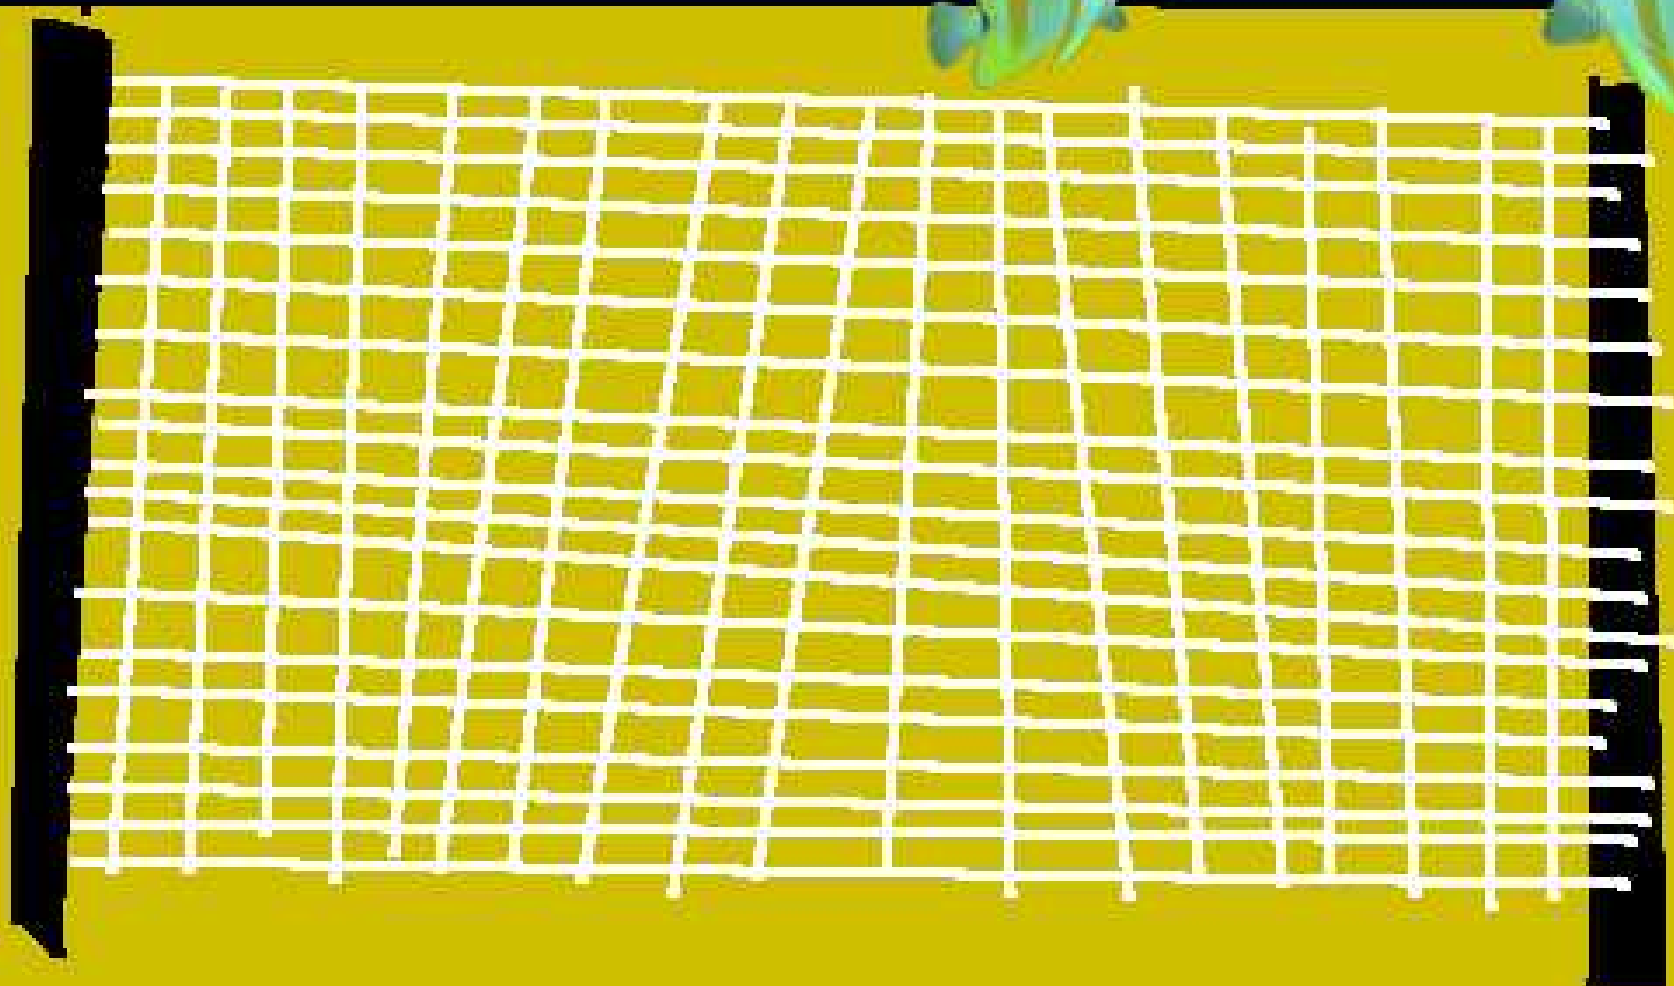

Tiñas razón, a praia é moi relaxante.
Agora imos todos a xogar.

Ven imos xa.

Papá, papá
ven xa!

xa vou.

The image shows two butterflyfish swimming in a blue underwater environment. They have white bodies with three vertical yellow stripes and a dark spot near their eyes. The background features a large, textured blue coral structure on the left and a more complex, multi-colored coral reef in the foreground. Two speech bubbles are overlaid on the scene, containing text in Galician.

Meu pai, hoxe foi un día xenial!

Si meu neno, veña á cama.
