My name is Mary. I'm 15 and I'm from Britain. In 2003 I lived in Newcastle with my mum, my dad, and my two sisters. At school I liked history and PE. I played football but I didn't play hockey. I was happy.

Now I live in Valencia, in Spain. I live with my uncle and aunt. I go to school with my cousins. I like maths and science. I like Spanish too, but it's difficult! I don't like art or music. After school I play "pelota valenciana" with my friends. My cousins like dancing and in the evening they go to dance classes, but I can't dance. After tea I play cards with my uncle. I like living in Spain!
