I live with my mum and my sister in Bristol. Last year we lived in a flat but then we moved to a new house. In the house there's a kitchen, a big living room, a bathroom, and three bedrooms.

My bedroom is small, but I love it.

In my bedroom there's a bed, there are shelves for books and CDs, there's a wardrobe for my clothes, and there's a table. On my table I've got a computer and a printer.

I haven't got a CD player because I listen to CDs on my computer. I can watch DVDs too. There are lots of posters on the walls of my favourite pop stars and footballers.

I like the new house because it's near my school. I can walk to school with my friends. There is a bus stop opposite my house and I can take the bus to the town centre. On Saturday morning I like shopping with my friends and having lunch in a café. I like going to the cinema on Sunday.

Circle the answer.

Wednesday

I was at home on _____. I was in bed all day because I was sick. I was tired too. In the afternoon I played cards with my mum. I loved playing cards but my mum was bored. My sister was kind. She gave me her new book about the USA. There were lots of photos in the book. It was great.

I was at a Robin Hood festival on _____ with my dad and brother. Robin Hood lived in Sherwood Forest hundreds of years ago. There were archery contests and people were in medieval costumes. I was Maid Marian and my brother was Will Scarlet. Maid Marian was beautiful and brave.
