1 One day a princess is reading in a park opposite the palace. Suddenly a wicked wizard appears.

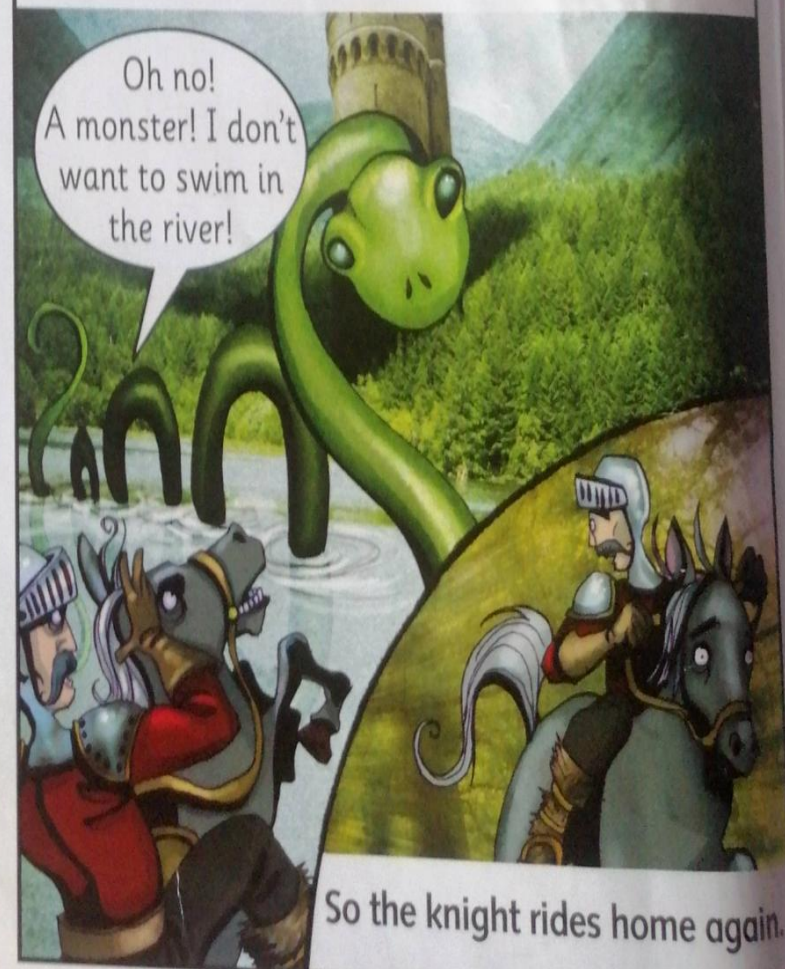

2 The wizard takes the princess to his castle and locks her in a very tall tower.

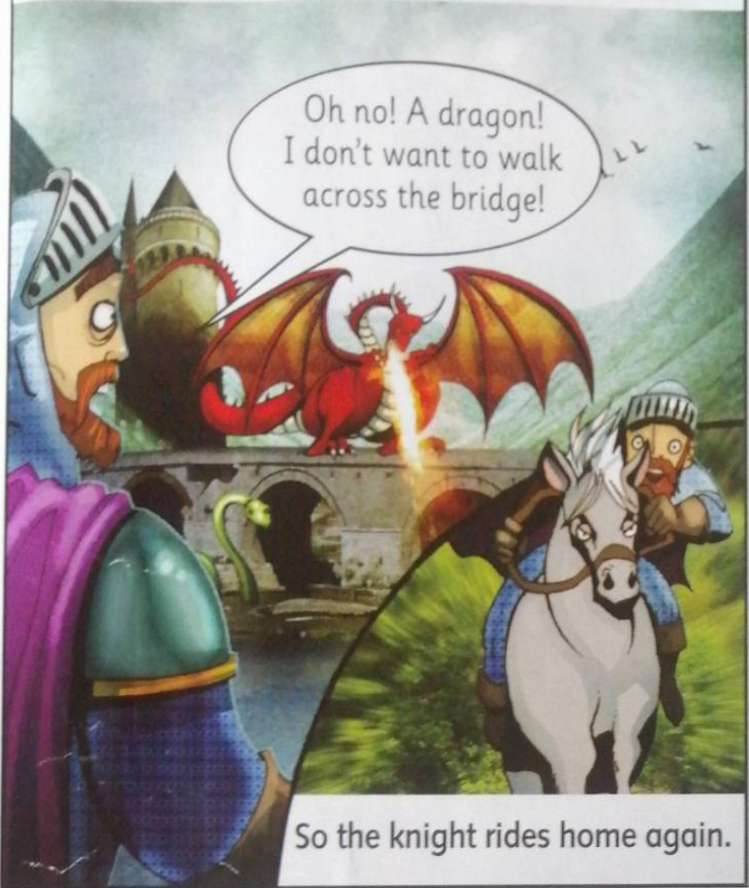

3 The king and queen are very sad. The king calls all the brave knights of Scotland.

4 One brave knight rides to the wizard's castle. The knight sees the river in front of the castle.

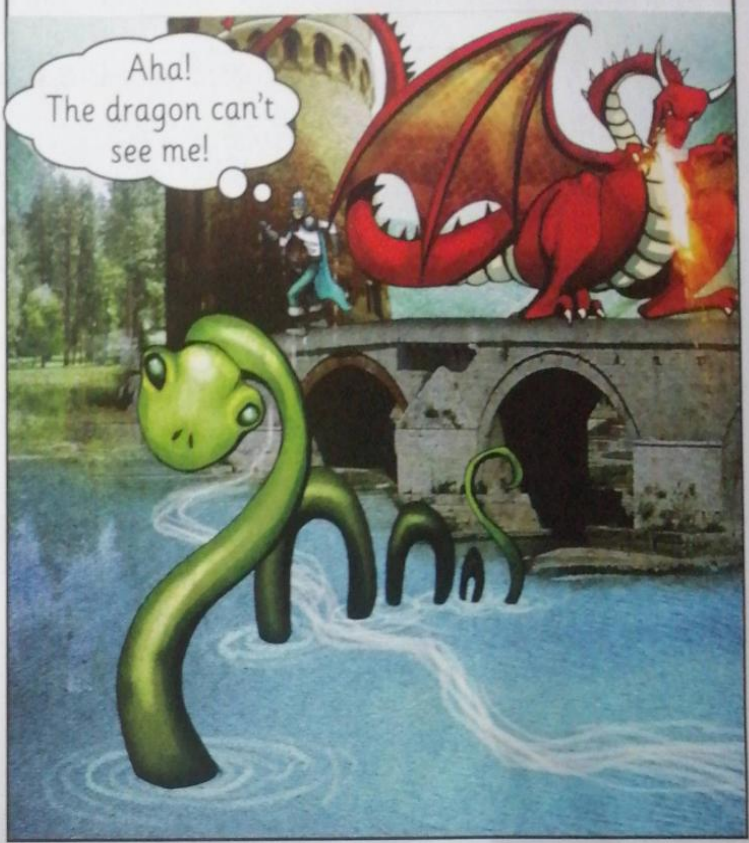

5 The next brave knight rides to the wizard's castle. The knight finds a bridge over the river.

Oh no! A dragon!  
I don't want to walk  
across the bridge!

So the knight rides home again.

6 The next brave knight rides to the wizard's castle. The knight swims under the monster and walks behind the dragon quietly.

Aha!  
The dragon can't  
see me!

7 The brave knight climbs up the tower and rescues the princess.

I want to  
help you! Quick!  
Let's go!

Then they ride to the palace.

8 The king and queen are very happy.  
The princess is safe.

Here's the bag  
of gold! You're a very  
brave man!

Thank you! But I'm  
not a brave man ...

... I'm a brave  
woman!
