

SING FOR THE CLIMATE

“Do it now” by Bella Ciao

1. We need to wake up

We need to wise up

We need to open our eyes

And do it now, now, now!

We need to build a better future

And we need to start right now.

2. We're on a planet

That has a problem

We've got to solve it, get involved

Do it now now now

We need to build a better future

And we need to start right now

3. Make it greener

Make it cleaner

Make it last, make it fast

Do it now now now

We need to build a better future

And we need to start right now

4. No point in waiting

Or hesitating

We must get wise, take no more lies

Do it now now now

We need to build a better future

And we need to start right now
