It--- for singular
They--- for plural

2 Read and write the inventions.

- 1 You need this when it rains so you don't get wet. It's an umbrella.
- 2 You put these on the envelope when you send a letter. They are stamps.
- 3 These protect your skin when you cut yourself. They are plasters.
- 4 When it is dark, we switch this on to help us see. It's a light bulb.
- 5 You use this when you want to make food hot quickly. It's a microwave.
- 6 You use this to find the temperature of something. It's a (digital) thermometer.

3 Read and complete. Use words from Activity 1.

www.usefulinventions.org

When I look around my house, I see lots of useful inventions. In the kitchen there are lots of machines. There is a 1 dishwasher for the washing up and a 2 microwave for cooking food quickly. My dad has an office at home. On his desk there are lots of papers and he uses a big 3 paper clip to keep them together. He is a scientist so he has a 4 microscope at home to study very small things. My mum teaches foreign languages. She speaks Spanish, French and Italian. She has a 5 bilingual dictionary for each language so she can check words.

G. Marconi was born in 1874. His father was from Italy and his mother was from Ireland, but he lived in England. He is famous because he invented the radio in 1901.

He died in 1937 in Italy, when he was 63 years old.

Bette Nesmith Graham was born in the USA in 1924. She lived in Texas and she was a secretary in a bank.

She is famous because she invented the liquid corrector.

She died in 1980 when she was 56 years old.

Now, investigate about a famous inventor or invention (toma notas para facer un pequeno texto similar aos anteriores).

Let's make an experiment!!

Attention, please!

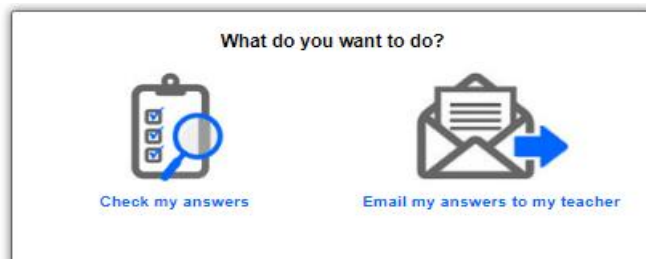

Vou poñervos un link, se funciona, cubrides a ficha que vos vai aparecer (repaso básico, moi sinxelo, pero con cousiñas que algúns de vós fallades).

Cando rematedes, clicades en

Entón davos dúas posibilidades:

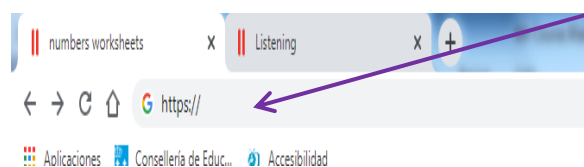

Enviádemala!! Pero... ollo! Se comprobades as respostas, tedes que facela tooooda outra vez antes de podela enviar. Só tedes que poñer nome, curso e o meu correo electrónico.

Day 2: Reading: Pupil's Book, page 45: ex.4 (read), 5 (in your notebook);
and Activity Book, p.45:4

Lesson 2

4 Listen and read.

I love finding out about great scientists and inventors from history. Here are four mini-biographies about four of my favourite inventors. Which do you think is the most interesting?

POST

Use the pictures to help you understand the text.

Four Inventors

Leonardo da Vinci (1452 – 1519)

Leonardo da Vinci painted the Mona Lisa, which is perhaps the most famous painting in the world. But Leonardo was also a scientist and an inventor. He invented some musical instruments and a type of clock. He also designed this flying machine.

Josephine Cochrane (1839 – 1913)

In about 1880, Josephine Cochrane had an idea. She wanted to design a machine to wash dishes. So she studied science and mechanics. She learned how to draw. She worked on her design for six years. Finally, in 1886, her dishwashing machine was complete.

Thomas Edison (1847 – 1931)

Thomas Edison invented many things. He invented the phonograph (a machine for recording sound), a type of battery and a type of car. But his most famous invention was a type of light bulb. He was not the first person to invent a light bulb, but his design was the most efficient. Nowadays, there are light bulbs for bicycles, mobile phones, fridges and microscopes. Can you imagine life without light bulbs?

George Lerner (1922 – 1995)

In 1949, George Lerner invented a plastic toy called Mr Potato Head. At first, the toy was not a success. But in 1952, Mr Potato Head appeared in a television commercial. Then every child wanted the toy. Today, Mr Potato Head is one of the most popular toys in the world. He is also a character in the Toy Story films.

THINKING SKILLS
Sequencing

5 Put these events in chronological order.

PARA ENVIAR

*Write a short text about an
invention and an inventor*

*Xa a semana pasada vos pedín que investigades sobre un invento ou un inventor
(que non sexa dos do libro).*

Pois agora toca facer un texto similar aos que lestes, completastes (páx. 4).

*Podedes facelo na libreta ou no ordenador, facer só o texto, debuxar ou inserir
imaxes da inventora ou inventor, do invento,...*

Despois enviádeme o documento ou a foto do texto na libreta ao meu correo,

anagamallo.xgolmar@gmail.com

*Se aínda non enviastes a que vos pedín a semana pasada, sempre estades a tempo
de facela e enviarma.*
