

Se tedes os libros, non precisades imprimir.

Se non os tedes, e non podeades ou non queredes imprimir,

os exercicios pódense facer na libreta ou nun folio.

OLLO! Esta semana tedes que enviar algúns exercicios, mirade ben!!

# ENGLISH ACTIVITIES

## 6<sup>TH</sup> COURSE

### WEEK 7

(4<sup>th</sup>-8<sup>th</sup> May)

Hello again!!

Esta semana...quero darvos as grazas, porque a maior parte de vós xa me enviastes as actividades.

**NORABOA** a aquelas e aqueles que me enviastes todas as actividades!!

Estou moi contenta con vós ...

Os que noooooonn ☹️ Veña! Vamos! Sempre estades a tempo!!!! Idemas enviando segundo vaiades facendo. Simplemente unha foto compartida a través do correo electrónico é suficiente

Esta semana tedes varias actividades para enviarme. Fixádevos ben onde atopedes un...

e mirade a ver qué tedes que mandar!

Esta semana...**lede ben as páx. 3, 6 e 7.**

Se aínda non me enviastes as actividades anteriores....

**Todo o traballo realizado durante este trimestre contará de maneira positiva, se o facedes, claro. Necesitamos ter constancia do voso traballo. Así que, é importante que fagades as actividades e que enviades as que vos pedimos. Poñede coidado e facédeas o mellor que poidades. Pero recordade: máis que o resultado, importa o esforzo!**

Lembrede que no correo tamén me podedes preguntar as vosas dúbidas,...ou contarme calquera cousiña que queirades!

Recórdovos o correo, aínda que moitos de vós xa o estades empregando ☺️

[anagamallo.xgolmar@gmail.com](mailto:anagamallo.xgolmar@gmail.com)

**No asunto poñede o voso nome, a primeira letra do voso apelido e o curso.**

Mamás e papás, unha vez máis, grazas. Sen a vosa axuda, todo esto non sería posible.

Un bico enooooorme!

Teacher Ana

## Lesson 3

8 Listen to and read the story.

This is a true story about one of my favourite scientists. It's the story of one of the most important discoveries in history. I hope you like it.

POST

# The discovery of vaccination

- What was smallpox?
- What did Edward Jenner discover?

In the 18th century, a terrible disease called smallpox killed 10% of the population every year. It killed men, women and children. It killed rich people and poor people. It killed kings and queens.

1 In 1796, Edward Jenner was a doctor. He worked in a small village in England.

Hello, Sarah. What's the matter?

I've got a headache and lots of spots. I think I've got smallpox.

Where do you work?

I work on a farm. I milk the cows.

Have the cows got spots?

Yes, they have.

Don't worry, Sarah. You haven't got smallpox. You've got cowpox. It isn't a serious disease.

4 Jenner noticed that people who got cowpox didn't get smallpox.

Perhaps cowpox protects people from smallpox. But how can I prove it?

5 Jenner asked a boy from the village to do an experiment with him. He rubbed pus from one of Sarah's spots into a scratch on the boy's arm.

6 Four days later ...

I've got a headache, doctor. I've got a fever and lots of spots.

When did it start?

Yesterday.

Don't worry. You've got cowpox. It isn't serious.

Ten days later ...

I'm feeling better.

7 In the second part of the experiment, Jenner rubbed pus from a smallpox patient into a scratch on the boy's arm.

I don't want to get smallpox.

Don't worry.

8 One week later ...

I haven't got spots or any symptoms of smallpox.

This proves that cowpox protects people from smallpox.

9 Jenner repeated the experiment with many people. He always got the same result.

The word for cow in Latin is vacca...

...so I call this treatment vaccination.

Doctors continued to use and develop Jenner's vaccination theories. Today there aren't any cases of smallpox in the world, and vaccination is used against many other diseases.

**Do you know...?**  
The last case of smallpox was in 1977.

10 Ask and say.

- 1 Do you like the story? Why? / Why not?
- 2 What's your favourite part of the story?
- 3 Do you think Jenner was a good doctor?
- 4 Do you think Sarah and the boy were brave?

**Everyday phrases: learn and use!**

What's the matter?  
Don't worry.  
It isn't serious.  
I'm feeling better.

**Disease** – "enfermidade" ; **kill**= matar

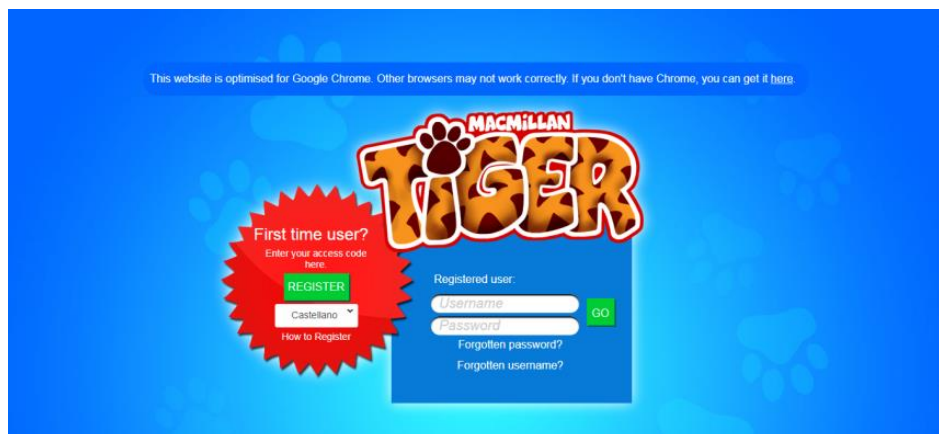

**Smallpox, cowpox** = viruela (enfermidade mortal no século XVIII)

**Headache**= dor de cabeça      **Spots**= manchas

**Picture 5:** (...) El frotou/puxo pus de unha das manchas de Sara nunha pequena ferida do brazo do neno.

**REMEMBER:** You can read and listen to the story on the TIGER WEBSITE

<https://tiger.macmillan.es/index.html>

You can revise previous units, too!

## COMPREHENSION ACTIVITIES

**True or False?. Correct the false sentences.**

1. Edward Jenner was a doctor in a large city. \_\_\_\_\_
2. Sarah worked on a farm with horses. \_\_\_\_\_
3. Cowpox can't kill you. \_\_\_\_\_
4. The Latin Word for cow is vaccination. \_\_\_\_\_
5. Cowpox is more serious than smallpox. \_\_\_\_\_

**Write short answers:**

- a) Was smallpox a disease on the 21<sup>st</sup> century? \_\_\_\_\_
- b) Was Jenner a farmer? \_\_\_\_\_
- c) Has Sarah got smallpox? \_\_\_\_\_
- d) Did the boy live in the city? \_\_\_\_\_
- e) Has the boy got cowpox? \_\_\_\_\_
- f) Was cowpox a serious disease? \_\_\_\_\_
- g) Did Jenner discover a vaccination? \_\_\_\_\_
- h) Are there any cases of smallpox today? \_\_\_\_\_
- i) Do doctors use any vaccinations today? \_\_\_\_\_

**Now write complete answers:**

1. Where was Jenner from? \_\_\_\_\_
2. Where does Sarah work? \_\_\_\_\_
3. What is the doctor wearing (picture3)? \_\_\_\_\_  
\_\_\_\_\_
4. What can you see on picture 2? \_\_\_\_\_
5. What is Jenner doing on picture 9? \_\_\_\_\_

**Summarizing.** Write here the numbers for next exercise, please

A-  B-  C-  D-  E-  F-

- A The boy got cowpox. He had a headache and lots of spots. But after ten days he was better.
- 6 B Jenner repeated his experiment many times. The result was the same every time. He called it 'vaccination'.
- C Sarah didn't have smallpox. She had cowpox. Jenner noticed that people who got cowpox didn't get smallpox.
- D Edward Jenner was a doctor. Sarah worked with cows on a farm. She visited Dr Jenner because she had a headache and lots of spots. She believed she had smallpox.
- E Jenner asked a boy to help him to do an experiment. He rubbed pus from Sarah's spots into a cut on the boy's arm.
- F Jenner rubbed pus from a smallpox patient into a cut on the boy's arm. The boy was very scared. But he didn't get smallpox.

## ONLINE ACTIVITY!!!

Na seguinte ficha podedes ver de novo a historia.

O segundo exercicio é un "listening". Podedes escoitar cantas veces precisedes.

Antes de unir, lede e entendede ben as frases.

A frase describe unha viñeta e os audios len a historia.

Hai que unir texto coa descrición da imaxe.

Por certo, a ver se atopades o erro...

**"Send it  
to your  
teacher"**

DAY 3: Let's finish the exercises on the story.

AB-Page 46: 7,8,9

Lesson 3

7 Read the story and answer the questions. (See Pupil's Book page 46.)

- 1 Was smallpox a disease in the 18th or 21st century?  
*Smallpox was a disease in the 18th century.*
- 2 Was Jenner a farmer or a doctor? \_\_\_\_\_
- 3 Did Sarah feel ill or tired? \_\_\_\_\_
- 4 Did she work on a farm or in a school? \_\_\_\_\_
- 5 Did the boy live in the village or the town? \_\_\_\_\_
- 6 Did Jenner rub pus on the boy's leg or arm? \_\_\_\_\_
- 7 Was smallpox less or more serious than cowpox? \_\_\_\_\_
- 8 Did Jenner call his treatment vacca or vaccination? \_\_\_\_\_

8 Who says what? Complete the sentences. Number the pictures.

- 1 I've got a headache and lots of spots. I think I've got smallpox.
- 2 Don't worry, Sarah. You haven't got smallpox. You've got cowpox. It isn't \_\_\_\_\_.
- 3 Perhaps cowpox \_\_\_\_\_ people from smallpox.
- 4 I work on a \_\_\_\_\_. I milk the cows.
- 5 I haven't got spots or any \_\_\_\_\_ of smallpox.
- 6 But how can I \_\_\_\_\_ it?

1

9 Read and circle. Write a review of the story. Tell your family about the story.

- 1 The story is a **detective story** / a **true story**.
- 2 The story takes place in a small town in **Ireland** / **England** in 1796.
- 3 The story is about a **doctor** / a **farmer**.
- 4 He thinks that cowpox protects people from **smallpox** / **big pox**.
- 5 At the end of the story, the doctor **discovers** / **invents** a way to prevent smallpox. He calls it "vaccination".

The story is a \_\_\_\_\_. It takes place in \_\_\_\_\_. It's about \_\_\_\_\_.  
 He thinks \_\_\_\_\_.  
 At the end of the story, \_\_\_\_\_.

My favourite character in the story is \_\_\_\_\_

My favourite part of the story is when \_\_\_\_\_

I think this story is \_\_\_\_\_ because \_\_\_\_\_.  
 I give the story \_\_\_\_\_/10.

I MISS YOUUU!!!
