

Hello, I am Jessy. This is my house.

This is my house. It is very big. It is a lovely house in the city of London. It has got three floors –a ground floor, a first floor and a second floor. On the ground floor, there is the playroom and the garage. In the first floor, there is the kitchen and the living room. On the second floor, there is my bedroom and the bathroom.

This is my bedroom. There is a bed, a lamp on a bedside table, a rug and a wardrobe between a big window and a mirror. The bathroom is next to my bedroom. It has got a bath, a toilet and soap in the cupboard.

My livingroom is small. There is a sofa near the TV. There is an armchair next to the lamp. There is a cup on the table and a picture on the wall. The kitchen is big. It has got an oven, a table with two chairs, a fridge and a clock on the wall.

The playroom is next to the garage. My toys are in the playroom and my parents' car is in the garage. The washing machine is also in the garage but it isn't in the picture.

I am happy in my house!
