

HAWAII

Welcome to Hawaii! It's an amazing place to travel to in summer.

We have a tropical climate so the weather is hot, sunny and humid and sometimes it rains but overall it is good. You should bring a swimsuit, sun cream, summer clothes and a towel. Bring an umbrella in case of rain! There is a lot of food, you can eat: bananas, coconut, pineapple and endless types of fish.

You should go to the sandy beaches and swim in their beautiful and fresh water. In Hawaii you can go scuba diving, surfing, hiking, diving... There is no time to get bored!

Hawaii, a place to remember!!!!
