End-of-term Project – (Week 12)

Course and teacher assessment.

I'd like to have a wide overview of the course. So it's your time to speak up.

I'm interested in your opinion about what things you liked most, what things you didn't like, what things you would change, how much you've learnt (might be a lot or nothing at all), whether you felt comfortable in my classes or not and so on. I'm also concerned with how you are going through the confinement.

So, what I ask you to do is simple; record your own video (3 min approx.) talking about it all and send it to fanipineiro@gmail.com (Drive, WeTransfer..)

I'm looking forward to watching your videos!
