

MAY

On 1st May Greece have Flowers Day. They celebrate it by picking flowers and making garlands with them. In Galicia we have a similar celebration called "**Os Maïos**". In Germany people celebrate on this day "Walpurgis", dressing up like witches and dancing around fires. They also roast meat and dance all together to welcome the day of flowers, the beginning of Spring.

In May people celebrate **Mother's day** but on different dates. Mother's Day is a day to honor mothers. We give cards and presents to our mums. We celebrate it in England, Germany, Spain, Holland and Denmark.
