# On your Bike Portugal (Monção )

The Roteiros club continues with activities, conditioned by the pandemic. Activities are taking place in outdoor spaces and in physical education activities.

The use of bicycles is conditioned. Students can only use them alternately. The club was integrated into the OYB project, with the aim of promoting physical exercise, also encouraging healthy eating. On the World Food Day, a character was created; The donkey, which promotes physical activity and good wing rules.

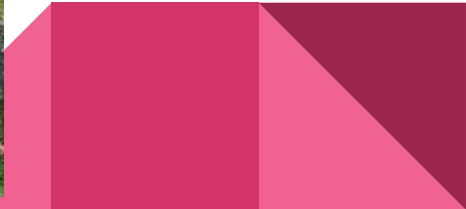

É importante o exercício físico

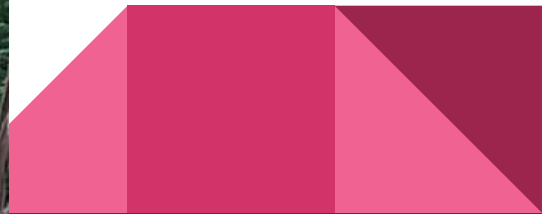

---

GOOD LUCK!!

Kisses from Monção
