

Conectar un miniportátil E-Dixgal á WIFI de casa

Na barra de ferramentas inferior direita...

Facer CLIC aquí

Seleccionamos o nome da WIFI de casa e clic...

Aparece un cuadro de diálogo para o contrasinal da WIFI. Tecleamos e prememos Conectar.

The screenshot shows a Linux desktop environment with a blue background. A dialog box titled "Requírese a autenticación para a rede sen fíos" is centered on the screen. The dialog box contains the following text:

A rede sen fíos require autenticación

Requírese o contrasinal ou clave de cifrado para acceder á rede sen fíos «MOVISTAR_F080».

Below the text is a password field labeled "Password" with a series of black dots representing the password. To the right of the password field is a small icon of a person. At the bottom of the dialog box are two buttons: "Cancelar" and "Conectar".

The desktop background features various icons and folders, including "Inicio", "ingles", "Matem...", "COUSAS...", "naturais", "sociais", "lingua", and "lengua". There are also system icons in the top right corner, such as "Lixo", "Sistem...", and "vieme...".

In the bottom right corner, there is a logo for "Maqueta Abalar 8" and contact information for the "Servizo Premium Educación Dixital":

Maqueta Abalar 8
Servizo Premium Educación Dixital
881 869 900 soporte.premium@edu.xunta.gal
881 869 900 soporte.premium@edu.xunta.gal
Servizo Premium Educación Dixital

The bottom of the screen shows a taskbar with the following elements:

- System tray: Bluetooth, network, volume, and power icons.
- System clock: 2022-10-05 15:36.
- User name: usuario.
- Taskbar: "Aplicativos", "Requírese a autenticaci...", and "usuario".

Xa temos conectividade. O sistema lembrará os datos. Só se fai isto a primeira vez.
