Materials 3rd ESO C

These are the materials you have to work with for a couple of days. These materials are REVISION activities, because the material has already been worked in class. PLEASE, don´t stop working, it is very important for you. Remember that these materials will help you reinforce the contents for the exam.

Please, send me back the exercises to the email address: marta.varela@edu.xunta.es

7 Complete the text with *a, an, the, some, much, a lot of, any* or *how much.* Type the answers then check. There may be more than one possible answer.

McLab

1. _____ money do you usually pay for a hamburger? In 2013, scientists made 2. _____ hamburger. It cost £250,000! They made the hamburger with 3. _____ amazing new product – in vitro meat. Scientists grow in vitro meat in a laboratory. They don't kill 4. _____ animals, and 5. _____ meat hasn't got 6. _____ fat in it. But what does it taste like? The scientists gave it to 7. _____ people to taste. According to them, it's similar to ordinary meat but it's very dry. In vitro meat production is very expensive and scientists need 8. _____ time to grow it. So at the moment, you can't buy this artificial meat. But maybe it will be in the shops one day.
