

Hello everyone, this is Ian talking to you from the United States at this point. In case you haven't heard yet my grant program has ended in Spain due to the current situation, and I have returned to the United States. We were told the Friday after schools closed that we were to return to the United States as soon as possible. I'm very sorry to leave Spain, Galicia, Ourense, and specifically O Couto. It was an excellent time being there and I really enjoyed meeting you all. So, I am currently here back at home quarantining according to the regulations of my state trying to do my part to help slow this pandemic. That being said just like you all will continue your studies remotely, I will be continuing my work remotely as well. I will be sending you all different materials and work throughout the rest of the year according to the recommendations of your teachers.

I hope you all are doing well, and I am happy to still be able to help in your English studies.

Talk to you soon!
