The image displays six 3D objects labeled A through F, each with a specific geometric form. Object A is a cube with a semi-circular cutout on its front face, with arrows 'a' and 'b' indicating viewing directions. Object B is a cube with a vertical rectangular slot. Object C is a cube with a circular hole through its center. Object D is a cube with a semi-circular cutout on its side face. Object E is a cube with a vertical rectangular slot. Object F is a cube with a vertical rectangular slot and a semi-circular cutout on its top face.

To the right, 12 possible 2D orthographic views are shown, numbered 1 through 12. These views are arranged in a 3x4 grid and are enclosed in a dashed box. The views include:
 

- 1: Front view of object A.
- 2: Front view of object B.
- 3: Front view of object C.
- 4: Front view of object D.
- 5: Front view of object E.
- 6: Front view of object F.
- 7: Side view of object A.
- 8: Side view of object B.
- 9: Side view of object C.
- 10: Side view of object D.
- 11: Side view of object E.
- 12: Side view of object F.
